" AWARENESS PROGRAM ON SAVE SOIL "

Date : 06-12-2022

Department of Botany, GBE, Narasannapeta conducted Awareness Program on "Save Soil" on 6th December, 2022. The vice Principal Smt. M. Shanthi Ham gave her opening remarks on soil importance, ensuring that our soil is rich and fertile is key to avoiding an ecological disaster and explain the Sadhguru Save Soil movement. After that Sri S. Parameswara Rao, lecturer in Botany aware the students healthy soils support plant growth, human nutrition, water filtration, Earth's climate, Biodiversity, Soil benefits, ways to protect soil (Forest Protection, Buffer strips, No-till Farming, Fewer concrete surfaces, Terrace planting etc.) and Soil conservation (Crop rotation, reduce tillage, mulching, cover cropping and cross-slope farming). A total of 60 students (B.Sc/BA/B.Com) and staff members participated in the save soil program.

"WORLD WETLANDS DAY - 2023"

Date: 02-02-2023

Department of Botany, GBC, Narasannapeta conducted Awareness Program on "World Wetlands Day" on 02nd February 2023. The Principal of our college Dr. P. Latha madam gave her opening remarks about the importance of wetlands for the health of the planet and its inhabitants. This day also marks the adoption of the convention on wetlands, also known as the Ramsar Convention, which is an international treaty for the conservation and sustainable use of wetlands.

After that Sri S. Parameswara Rao, Lec. in Botany aware the students importance of wetlands for the Clean water, maintaining Biodiversity, regulating climate and supporting local communities. Later few students talk on importance of wetlands in regulating water supply, preventing floods & droughts, preserving water quality and presented the 2023 theme for world wetlands Day is "It's Time for Wetlands Restoration". A total of 60 students and staff members participated in the event.

The World Wetlands Day celebration was a great success, and it helped to raise awareness about the importance of wetlands conservation and the need to protect these valuable ecosystems for future generations.

"FIELD VISIT TO PLANT NURSERY"

Date: 02-02-2023

The Department of Botany, GOC, Narasannapeta organized Local Field visit to "Sri Manikanta Plant Nursery", Narasannapeta as part of their UG, B.Sc curriculum on 02nd February, 2023. The students accompanied by Sri S. Parameswara Rao, Lecturer in Botany supervised the visit and provided guidance.

During the Field visit, students were introduced to the various techniques and methods used in the nursery for plant propagation, including seed sowing, cutting and grafting. They were shown the different types of soil mixes and fertilizers used for different plant varieties and tools required for plant management such as pruning shears, garden houses and pots. The students were also where they observed different ornamental plant varieties, Bonsai plant preparation, preparation of seedlings, Nursery types and Nursery management. The nursery staff provided the students with information on the economic importance of plant nurseries and their role in providing high-quality plants for landscaping, gardening & commercial farming.

The Field visit provided the students with an excellent opportunity to learn about the practical aspects of plant propagation and management. It helped them to develop a deeper understanding of the various techniques used in the nursery, and the economic importance of this industry. The experience will undoubtedly prove valuable as the students continue to study the principles of plant science and their practical applications.

NATIONAL SCIENCE DAY CELEBRATION - 2023

Date: 28-02-2023

Department of Botany & other Science departments GDC, Narasannapeta on the occasion of "National Science Day-2023" celebration, a Science Exhibition & PPT presentation was organized at our college. The theme of Exhibition was "Impact of Climate change on Science and Technology". The exhibition was inaugurated by the chief guest Dr. D. Vishnu Murthy, Professor & Dean AIAM, Tekkali.

The exhibition featured a wide range of models, poster presentations, demonstrations created by students and participants from various educational institutions. The Principal our college Dr. Platha madam gave her opening remarks about the 28th February every year to mark the discovery of the Raman effect by Indian physicist Sir C.V. Raman, life history and importance of science & Technology. The chief guest Dr. D. Vishnu Murthy delivered a keynote address emphasizing the importance of science & Technology experiments in achieving sustainable development and urging the participants to continue their pursuit of knowledge and innovation.

As a part of the Science Day Science Association conducted "Power Point Presentation Competition" and "online Quiz". A total 210 students and staff members participated in the event. Prizes were distributed to the winning students (Poster Presentation & PPT Presentation) by the chief guest & Principal.

The event provided a platform for students and researchers to showcase their ideas and innovations and fostered a spirit of inquiry and scientific curiosity.

"INTERNATIONAL DAY OF FORESTS - 2023" (WORLD FOREST DAY)

Date: 21-03-2023

Department of Botany, GDC, Narasannapeta conducted Awareness Program on "World Forest Day - 2023" on 21/03/2023. The Principal of our college Dr. P. Latha madam gave her opening remarks about the importance of Forests, they role in regulating the Earth's climate, providing habitat for biodiversity, a uses of Forests. After that Sri S. Parameswara Rao, IAS in Botany aware the students this day also known as "International Day of Forests" is celebrated annually on March 21st. Forests are essential to maintaining the balance of our ecosystem, serving as habitats for wildlife and providing clean air & water. However, forests are under threat from deforestation, illegal logging & climate change. Later some students talk on (D. Lakshmi Prasanna & Tyothi - B.Sc (Bot)) the benefits of forests are illustrated with examples of the losses caused by their destruction around the world. A total 50 students and staff members participated in the event.

World Forest Day serves as an important reminder of critical role that forests play in maintaining the sustaining life on earth. We must protect and conserve forests for the benefit of current and future generations.

 - Opening Remarks.

"WORLD EARTH DAY - 2023"

Date: 21-04-2023

Department of Botany, GBC, Narasannapeta conducted "World Earth Day-2023" on 21st April, 2023 in our college. The principal our college Dr. P. Latha madam gave her opening remarks to create awareness about the importance of Environmental conservation and Global climate crisis. After Sri S. Parameswara Rao, Lecturer in Botany aware the students help raise awareness of threats to our planet's health, pollution, Global warming, species extinction, depletion of natural resources and importance for Earth Day 2023 theme is "Invest in our planet". Later some students talk on Earth day importance. The Lectures then shared some facts about Earth problems. A total 85 students and staff members participated in the event.

The World Earth day celebration in our college was an excellent initiative that inspired students to take action and promote sustainability.
