DEPARTMENT OF MATHEMATICS

MID-II EXAMINATIONS, SEMESTER-II, PAPER-II, APRIL-2024.

[ANALYTICAL SOLID GEOMETRY: SPHERES-II & CONES]

Time: 1 Hour

Max.Marks: 15

SECTION-A

Answer any ONE questions. Each question carries 5 marks.

1 x 5 = 5 M

- 1) Find the limiting points of the coaxial system of spheres determined by the spheres $x^2 + y^2 + z^2 + 4x + 2y + 2z + 6 = 0$, $x^2 + y^2 + z^2 + 2x - 4y - 2z + 6 = 0$.
- 2) Find the equation of the right circular cone whose vertex is $(3, 2, 1)$, axis line $\frac{x-3}{4} = \frac{y-2}{1} = \frac{z-1}{3}$ and semi vertical angle 30° .
- 3) Prove that the angle between the lines of intersection of the plane $x + y + z = 0$ with the cone $ayz + bzx + cxy = 0$ is $\frac{\pi}{3}$ if $\frac{1}{a} + \frac{1}{b} + \frac{1}{c} = 0$.

SECTION-B

Answer any FIVE questions. Each question carries 2 marks.

5 x 2 = 10 M

- 1) S.T the the spheres $x^2 + y^2 + z^2 + 6y + 2z + 8 = 0$ & $x^2 + y^2 + z^2 + 6x + 8y + 4z + 20 = 0$ are orthogonal.
- 2) Show that the spheres $x^2 + y^2 + z^2 - 2x - 4y - 6z - 50 = 0$ and $x^2 + y^2 + z^2 - 10x + 2y + 18z + 82 = 0$ touch externally at the point $(\frac{45}{13}, \frac{2}{13}, \frac{-57}{13})$.
- 3) Explain about touching of two spheres with diagrams.
- 4) Find the general equation to a cone containing three coordinate axes.
- 5) Show that the line $x = -y = -z$ is a generator of the cone $5yz + 8zx + 3xy = 0$.
- 6) Show that the reciprocal cone of $ax^2 + by^2 + cz^2 = 0$ is the cone $\frac{x^2}{a} + \frac{y^2}{b} + \frac{z^2}{c} = 0$.
- 7) Find the condition that the plane $lx + my + nz = p$ may touch the cone $2x^2 - 3y^2 + z^2 = 0$ and also find the equation of its reciprocal cone.

TEACHING NOTES-2023-2024

<p>1. Set Theory: A set is a collection of objects, called elements or members of the set. The objects can be anything: numbers, letters, people, etc. A set is denoted by a capital letter, and its elements are denoted by small letters. For example, the set of natural numbers is denoted by N, and its elements are $1, 2, 3, \dots$.</p> <p>2. Algebra: Algebra is a branch of mathematics that deals with the properties and operations of symbols, usually letters, which represent numbers. It includes the study of equations, inequalities, and functions.</p> <p>3. Geometry: Geometry is a branch of mathematics that deals with the properties and relationships of shapes and figures. It includes the study of points, lines, angles, and surfaces.</p> <p>4. Trigonometry: Trigonometry is a branch of mathematics that deals with the relationships between the sides and angles of triangles. It includes the study of trigonometric functions and their properties.</p> <p>5. Statistics: Statistics is a branch of mathematics that deals with the collection, analysis, and interpretation of data. It includes the study of measures of central tendency and dispersion.</p> <p>6. Probability: Probability is a branch of mathematics that deals with the likelihood of events occurring. It includes the study of probability distributions and their properties.</p> <p>7. Discrete Mathematics: Discrete mathematics is a branch of mathematics that deals with discrete structures, such as graphs, trees, and combinatorial objects.</p> <p>8. Combinatorics: Combinatorics is a branch of discrete mathematics that deals with the counting of objects. It includes the study of permutations and combinations.</p> <p>9. Graph Theory: Graph theory is a branch of discrete mathematics that deals with the study of graphs, which are collections of vertices and edges.</p> <p>10. Number Theory: Number theory is a branch of mathematics that deals with the properties and relationships of numbers. It includes the study of prime numbers, divisibility, and congruences.</p>	<p>1. Calculus: Calculus is a branch of mathematics that deals with the study of continuous change. It includes the study of limits, derivatives, and integrals.</p> <p>2. Limits: A limit is a value that a function approaches as the input variable approaches a certain value. It is denoted by $\lim_{x \rightarrow a} f(x) = L$.</p> <p>3. Derivatives: A derivative is a measure of the rate of change of a function with respect to its input variable. It is denoted by $f'(x)$.</p> <p>4. Integrals: An integral is a measure of the total area under a curve. It is denoted by $\int f(x) dx$.</p> <p>5. Functions: A function is a mapping from a set of input values to a set of output values. It is denoted by $f: A \rightarrow B$.</p> <p>6. Trigonometric Functions: Trigonometric functions are functions that relate the angles of a triangle to the lengths of its sides. They include sine, cosine, and tangent functions.</p> <p>7. Hyperbolic Functions: Hyperbolic functions are functions that are analogous to the trigonometric functions. They include sinh, cosh, and tanh functions.</p> <p>8. Inverse Trigonometric Functions: Inverse trigonometric functions are functions that are the inverses of the trigonometric functions. They include arcsin, arccos, and arctan functions.</p> <p>9. Inverse Hyperbolic Functions: Inverse hyperbolic functions are functions that are the inverses of the hyperbolic functions. They include arsinh, arcosh, and artanh functions.</p> <p>10. Applications of Calculus: Calculus has many applications in science and engineering. It is used to study the motion of objects, the growth of populations, and the behavior of electrical circuits.</p>

ALBINISM

Overview:-

The term albinism usually refers to oculocutaneous (OK-u-low-ku-TAY-nee-us) albinism (OCA). OCA is a group of disorders passed down in families where the body makes little or none of a substance called melanin. The type and amount of melanin in your body determines the color of your skin, hair and eyes. Melanin also plays a role in the development and function of the eyes, so people with albinism have vision problems.

Symptoms:-

Symptoms of albinism involve skin, hair and eye color, as well as vision.

MEDICINAL PLANTS AND ITS THERAPEUTIC USES

1. HOLY BASIL:-

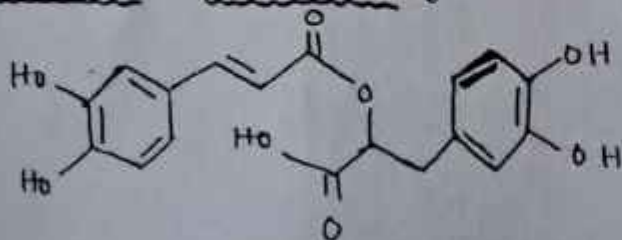

Common name:- Tulasi

Therapeutic uses:-

- ⇒ Holy basil contains bioactive compounds like eugenol, camphene, cineole, and camphor.
- ⇒ They may help to open your airways and improve breathing.
- ⇒ These compounds may also have antimicrobial and antiviral activities.
- ⇒ That help to reduce the duration of common cold and flu symptoms.

FEEDBACK: Students highly appreciated the National Science Day celebration events. The live video stream and online webinar provided a dynamic platform for learning, with students finding the discussions on recent scientific advancements particularly enlightening. Guest lectures by esteemed scientists were highly praised for their depth and relevance, inspiring many to consider careers in science and technology.

The online quiz competition was a highlight, engaging students in a fun and challenging way, while testing their knowledge of various scientific topics. The essay writing contest on "Science and Technology for Sustainable Future" received enthusiastic participation, allowing students to creatively express their ideas and concerns about the role of science in society.

Overall, students felt that the events were well-organized and educational, offering a comprehensive understanding of how science and technology impact everyday life and contribute to global progress. The celebration fostered a renewed enthusiasm for scientific inquiry and highlighted the importance of continued learning and innovation.

MOUs Signed by Department of Computer Science

To have a better interaction between academic institutes and the industries is the today's need. For students, it is necessary to have an industry knowledge/exposure with strong academics. On the other hand, industries are also in need of students with sound academics and with some industrial touch So, the aim of signing MOUs with various industries is to encourage the interaction between the academic and Industrial fields. It helps to bridge the gap between the industry, the real world and the institute. For faculty also, industrial exposure is very much helpful to guide students about latest industrial practices.

Objectives :

- To enhance students' skills and knowledge.
- To give an insight into the latest developments/requirements of the industries.
- To promote industrial training/visits.
- To help the delivery of the Internship.
- To help the students for their placement.
- To arrange guest lectures on technology trends.

STUDENT EXCHANGE PROGRAM on 08-12-2023

On 08-12-2023, Govt. Degree College, Tekkali hosted a student exchange program featuring a comprehensive visit to the Botany Museum and Department. Visiting students attended an informative lecture on **Mushroom Cultivation**, where key concepts and recent advancements in the field were discussed. Additionally, practical sessions were conducted, allowing students to engage in hands-on learning experiences. These sessions provided valuable insights into botanical research methods and specimen analysis. The exchange program fostered academic collaboration and provided students with an enriching educational experience, enhancing their understanding of botany through both theoretical and practical approaches. The event was highly beneficial and well-received by all participants.

Lr. No.43/SD&T/APSSDC/2022, dt.19.09.2022

To,
The Commissioner,
Collegiate Education,
Government of Andhra Pradesh,
Mangalagiri, Guntur District.

Sir

Sub: SD&T Dept. – APSSDC – Request to allocate required space for establishment of Skill Hubs under Phase II - Reg.

Greetings from Andhra Pradesh State Skill Development Corporation (APSSDC).

As you are aware that, as per the directions of Government of Andhra Pradesh for establishment of Cascading Skill Ecosystem, 66 Skill Hubs across 64 Assembly Constituencies have been established under Phase I. The phase I skill hubs will be launched on 26th September 2022. Out of 66 skill hubs under phase I, 17 skill hubs have been established in Government Degree Colleges.

As per the directions of Government, the activities pertaining to the establishment of Phase II skill hubs have been commenced. The locations for remaining skill hubs across 111 assembly constituencies are being identified from government premises only. The space required for establishment of each skill hub is 2 classrooms and 2 labs.

The district level teams from APSSDC are visiting the Government Degree Colleges for identifying the suitable space for establishment of skill hubs. The team shall see the feasibility of existing classrooms, labs with required infrastructure, and other facilities that are essential for commencement of training.

In this reference, we request you to extend your support and cooperation in identifying and allocation of suitable space (classrooms and labs) to establish Skill Hubs under Phase II. We also request you to issue the necessary instructions to the principals of Government Degree Colleges to support and cooperate with APSSDC teams.

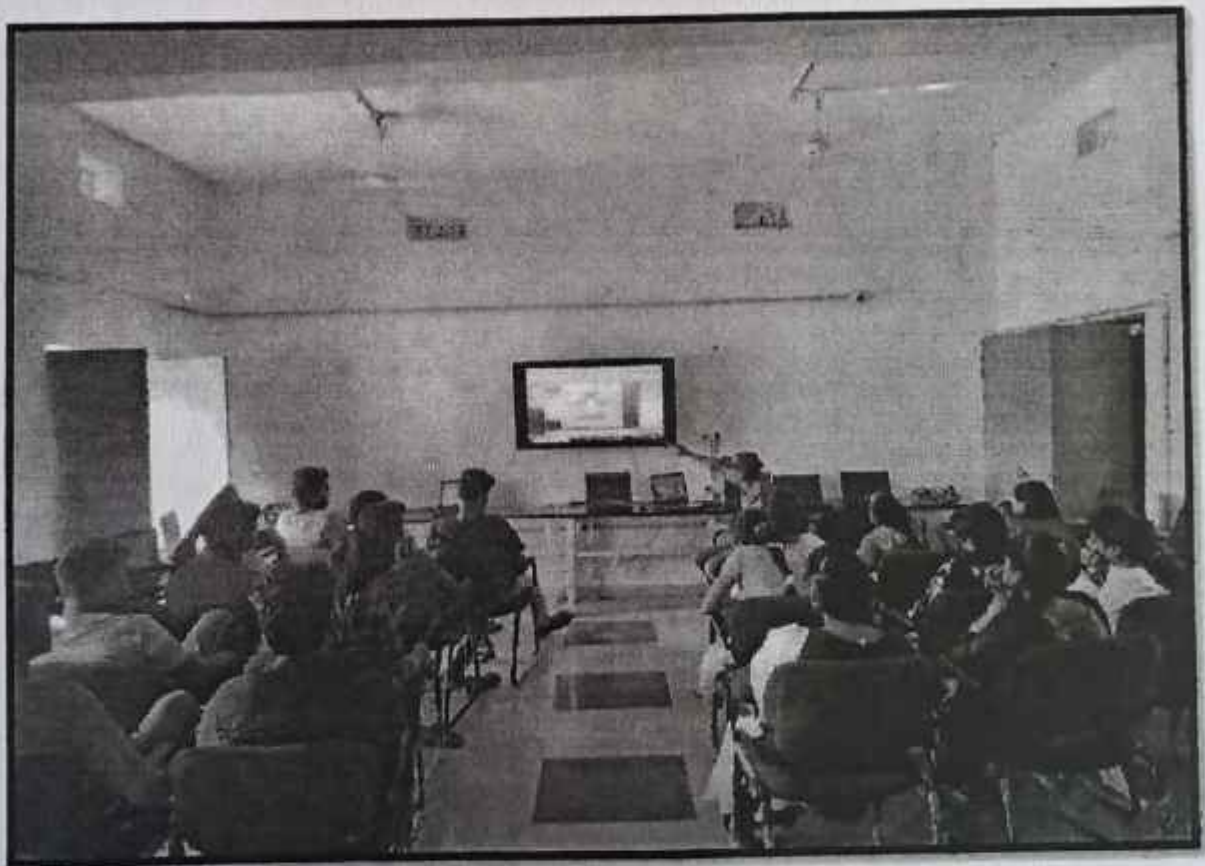

Yours faithfully,

Enclosure: List of 111 Assembly Constituencies under Phase II

A programme on Communication Skills was organized by the Entrepreneurial Club of the Inclusive Centre. The programme was conducted to motivate students to improve communication skills which help be better at critical thinking as well. Students with good communication skills will be better at group discussions, and can express their ideas clearly and concisely, making it easier to answer the questions. They can also present their thoughts and arguments persuasively leading to better grades on presentations, papers and exams.

This programme helped many students to get motivated to improve their communication skills. The Teaching and non-teaching staff also participated in this programme.

Psychological/Mental Well-being 26.10.23

A programme on Psychological/Mental Well-being was organised by the counselling club of the Inclusive Centre. The programme was conducted to motivate students on psychological/Mental well-being. It is a core feature of mental health, and may be defined as including hedonic (enjoyment/pleasure) and eudaimonic (meaning, fulfillment) happiness, as well as resilience (Coping, emotion regulation, healthy problem solving). The importance of mental health has been increasingly emphasized in recent decades as public awareness and understanding grow. Mental health is now understood to involve both the absence of mental illness and the presence of psychological well-being.

This programme helped many students to improve their Mental-Well-being. Many students and staff participated in the programme which was highly motivational.

4. Gender Parity/Equity & WEC

TO GIRL STUDENTS

Date: 5/02/2024

Narasannapeta

College is a co-education institution where both genders study together under the same roof. So the safety and security of students especially girl students is a top priority of our college administration. The institution is sensitive towards women issues and therefore imparts gender sensitivity among all the stakeholders like students. The WEC committee plays an active role in this regard. The members of Guidance & Counselling Cell are provided with the Counselling room to ensure proper Counselling to all the students on regular basis. The institution has established separate girl's (wash room) waiting hall room facilitate girl students, so that they can relax and have general discussions during their free time.

In addition to this Institution organizes different kinds of gender equity programs in which the girl students are encouraged to be confident and find solutions to their gender related issues.

Some of the important initiatives taken by the institution especially for female staff and girl students are:

- (1) Separate waiting room (2) Drinking water (R.O)
- (3) Sanitary napkin vending machine (4) Health Centre (5) Gym for girl students etc.

9. Code of Conduct for Students & Teaching Staff

GOVERNMENT DEGREE COLLEGE NARASANNAPETA

CODE OF CONDUCT FOR STUDENTS

The students are instructed to maintain discipline in the college by adhering rules and regulations of the college for maintaining a healthy learning environment.

Students shall attend the college in the approved uniform on all working days except on Saturday as the uniform reflects a sense of unity and order and reminds the students that they are a part of the whole.

All the students shall attend the college wearing the valid identity card issued by the college.

Students must be regular to the classes as 75% attendance is mandatory for claiming scholarship and also a basic criterion for appearing for public exams.

The students are not allowed to go around the campus whiling away their time during class hours and any such deviations will be dealt with disciplinary action.
