

DEPARTMENT OF ZOOLOGY
GOVERNMENT DEGREE COLLEGE, NARASANNAPETA
BLOOD GROUPING TEST IN COLLABORATION WITH RIMS
HOSPITAL, SRIKAKULAM

Narasannapeta

Date: 19-02-2022

The Department of Zoology Conducted Blood Grouping Test in Collaboration with RIMS Hospital, Srikakulam on 19-02-2022. The II and III Year Zoology students (Nearly 30 students) in this college were actively involved in the grouping of blood during the blood donation camp that was conducted in college premises. The most important reason to know your blood type is in case of an emergency. If you are in a situation where you require a blood transfusion you will need compatible blood. An incompatible blood group can cause blood cells to clump which can be fatal.
