Grievance:

A Grievance was received from the students requesting to address the problem of

Water logging in the college campus. This problem has been persisting in the Institute as and when it rains heavily. As the college is situated in a low lying area, the water gets stagnated because of which the students are unable to use the ground for playing sports, walking, planting trees etc; moreover it becomes a breeding ground for mosquitoes because of which the students are falling sick. There is also the danger of being bitten by venomous snakes and poisonous insects.

The Committee has decided to forward the representation of the students to the concerned authorities like the local panchayat Secretary. A representation also has been given to the Collector requesting to address this problem.

Sir
Sub- Govt Degree College, Narasannapeta, New Drinking Water Tap Connection -
Request-Regarding

I request you to kindly provide new drinking water tap connection to this Govt. Degree College, Narasannapeta. The College is located besides major Gram panchayat office, Narasannapeta.

Kindly approve in your next executive meeting and give necessary estimation at an early.

The College needs drinking water connection to cater the needs of nearly 600 students and 30 working staff.

This is for your kind information and necessary action.
