Department of Mathematics & Physics

Physics And Mathematics

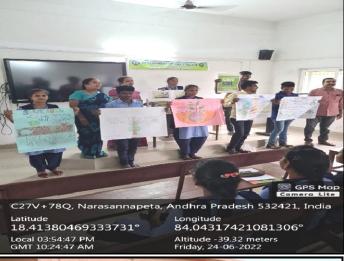

As per the circular dated 2-06-2022 of the CCE .The department of Mathematics, Botany and physics together organized SAVE SOIL week in our college.

The students were made aware of the depleting soil levels on our earth and how we can all comed together to help sustain it .[Save is a global movement launched by Indian spiritual leader sadhguru to address land degradation and advocate for healthy soil].

During the week long programme videos were shown to the students and staff to make them aware of the cause .Posters were displayed in a class room to explain the importance of the save soil movement. Students also went around the street of town shouting slogans to help people know seriousness of the soil about the degradation. Finally the staff and students were encouraged to sign up for the save soil movement as an Earth Buddy in the given website
